

BAVARIA CRUISER 33 Release

Dear Ladies and Gentlemen,

BAVARIA YACHTS are proud to present the new CRUISER 33 for the next season. The premiere of the CRUISER 33 will be at the boatshow HISWA in Amsterdam.

The CRUISER 33 is captivating by its new look. The panoramic windows give an incidence of light that you have never seen on the CRUISER models before.

The outlining impresses by its elegance and sportiness.

The CRUISER 33 sets again new measures in design, functionality and sailing characteristics in this class. Come aboard with us and experience the new CRUISER 33.

The deck has, compared to the CRUISER 32, a new deckhouse side window and new deck hatches.

In detail:

- large deckhouse side window to open on starboard
- the large deckhouse side window to open on port is available as an option
- the hatches and ventilators are optimized
- an additional deck hatch in the size S between mast and standard decks hatch is available as an option
- Genoa/Gennaker winch within reach of the helmsman to enable single handed sailing
- the steering gear is optimised and you get better sailing with a larger rig
- the point to bend the tack of the mainsheet traveller was moved further to bow so that a larger bimini can be used
- new ergonomic sitting position for the helmsman — best steering position and overview of the boat
- new cockpit table
- we further optimised:
 - fittings for rig (standing and running gear)
 - rope guidance

- Lifebelt guidance
- different handrails outside and deck at companionway
- position of clamps
- position of shore supply
- tank inductions and outlets
- gas box, shower, manual bilge pump
- ventilation screen
- outlets at stern
- fittings for bathing platform
- companionway and handrails

Interior layout:

- new interior style with curves and maritime edges of solid wood
- the new window concept lightens the larger salon with daylight and higher headroom
- panoramic side windows with opening (one as standard, one as option)
- the CRUISER 33 impresses by a bigger foreship cabin with a bed approx. 10cm longer and approx. 15cm wider (compared to the CRUISER 32)
- just like the aft cabin, the aft head offers you more headroom and size
- the additional hatch in the salon gives you more light

Further more there are new features for the CRUISER 33 in the pricelist:

- optional Fusion sound system with remote control in the cockpit
- bow thruster as an option
- a modified cockpit table will be new **standard**
- Duradeck is also available for cockpit seats, cockpit floor and bathing platform only
- an air conditioning 12.000 BTU is available as an option

Be inspired by the new design features of the CRUISER 33 and take the possibility today to order a new CRUISER 33 with a base boat price of

\$183,000*
